Description

Conservation framed with AR70 Glass.

Inspired by Carroll's imperious Queen of Hearts and her guards, the humanoid playing cards, Kristjana has turned the joyful 'heart' into a tree, abundant with red and white roses. Spot tiny motifs of Alice's world within the laden boughs; leggy flamingos leave their game of croquet to scale the branches, the ever ticking clocks and depictions of afternoon tea. The genial Cheshire Cat watches over walking playing cards, which falter along blindly in this world where things are never what they seem...

This artwork forms one of a complementary pair which look stunning when hung together.
