Original. Black wood frame.

This Royal collection was also designed to be subtle, only when close are the amendments apparent. So if your Royal auntie pops round for T, keep her a meter away! These Kings and Queens are all smoking things they should perhaps not. From Cigarettes to Doobies and more. There is a long history that Royals should not be portrayed smoking so the Subversive artist chose to immortalized the Monarchy doing exactly that.

Signed by the Artist.
