Description

Conservation framed with AR70 Glass.

Inspired by Carroll's imperious Queen of Hearts and her guards, the humanoid playing cards, Kristjana has turned the hardworking 'club' into a bounteous tree. Spot tiny motifs of Alice's world within the laden boughs; the giant caterpillar suggests imminent transformation and the magic-inducing mushrooms invoke a sense of the unfamiliar and surreal. One brightly hued bird is metamorphosed into the Mad Hatter, another into the boundlessly energetic March Hare. Things are seldom what they seem...

This artwork forms one of a complementary pair which look stunning when hung together.
